GIRLS HORSE CAMP!!

Hey Girls! Here we go again! Another season will soon be here and it'll be time to saddle up and ride!

This year we're going to be hosting some very special guests. "Dr. Erica", a veterinarian, will be here to explain what it takes to be a horse doctor. "Jen", the farrier, will take us through the process of trimming and shoeing a horse. And of course Kayla and Kaylee will be here once again giving hands on lessons on training and showing your horse.

All that and still get 3 hours of riding every day!

Your day will start with a very special "alarm clock"! After breakfast you will get your own horse to love and learn on. Each day before you head out for your first ride you will be grooming, saddling, and bridling your horse. After riding, your day will be filled with horse craft time, riding, games, secret pasture picnics, more riding, hayrides and of course an evening campfire to share your stories from the day.

As you can see, we're all about the horses here, that's why Wild West is the best!

The horses are here! Will you be?

Sign up soon, I expect this will be a very busy summer for

Wild West Girls Horse Camp!
